PROJECT

Timeline

What We Said

"Site messaging and layout doesn't resonate with our customers causing on boarding confusion. Lots of, 'What am I doing here?'"

The screenshot shows the homepage of IdealSpot. At the top, there is a navigation bar with links for Products, Pricing, Solutions for (with a dropdown menu), Blog, About IdealSpot (with a dropdown menu), and Contact. There is also a phone number (512-537-1111) and a Login button. A prominent orange button says "Find Your Ideal Spot Now". Below the navigation is a large background image of a city street map. In the center of the map, text reads: "IdealSpot uses real-time market data to help businesses find their ideal locations." Below this text are two buttons: "Start finding your ideal spot: I have an existing business" and "I'm looking for my first location". At the bottom of the page, there are three sections labeled "IdealSpot for Retailers and Restauranteurs", "IdealSpot for Commercial Real Estate Service Providers", and "IdealSpot for Developers and Owners". Each section has a small logo and a brief description. Below these sections is a row of logos for various partners: smashburger, Newk's, pluckers Wing Zone, W&B, and Little Caesars'. To the right, there is a sidebar with two messages from a user named Chaz:

Hi Bryce! Chaz here from IdealSpot, thanks for signing up! Here's a quick...

Hi Bryce! Let me know if I can help with anything. Ping me anytime. As a...

Our Data Products and Solutions

Demographics	Social Interest Map	Search Intent Map
--------------	---------------------	-------------------

What We Said

“Expansion of the fact that we know where your customers are based on geo-located demand based on competitive mapping, marketing analysis, social.”

The screenshot shows the homepage of IdealSpot. At the top, there is a navigation bar with links for Products, Pricing, Solutions for (with dropdown options), Blog, About IdealSpot (with dropdown options), and Contact. There is also a phone number (512-537-1111) and a Login button. A prominent orange button says "Find Your Ideal Spot Now". Below the navigation is a large map background with text overlaid: "IdealSpot uses real-time market data to help businesses find their ideal locations." At the bottom, there are three sections labeled "IdealSpot for Retailers and Restauranteurs", "IdealSpot for Commercial Real Estate Service Providers", and "IdealSpot for Developers and Owners". Each section has a corresponding logo: smashburger, Newk's, pluckers, WEB, and Little Caesars'. Below these is a row of logos for "Proud to work with the retailers you love": Old Navy, Gap, J.Crew, Banana Republic, and Abercrombie & Fitch. In the center, there is a section titled "Our Data Products and Solutions" with three icons: Demographics (two people), Social Interest Map (a person with a speech bubble), and Search Intent Map (a search icon). On the right side, there are two social media message boxes from a user named Chaz. The first message says, "Hi Bryce! Chaz here from IdealSpot, thanks for signing up! Here's a quick...". The second message says, "Hi Bryce! Let me know if I can help with anything. Ping me anytime. As a...".

What We Said

"Geo-located demand is too heady, too technical "

The screenshot shows the homepage of IdealSpot. The header features the IdealSpot logo with a location pin icon, phone number (512-537-1111), login link, and a prominent orange "Find Your Ideal Spot Now" button. Below the header is a large map background. In the center, text reads: "IdealSpot uses real-time market data to help businesses find their ideal locations." Below this are two buttons: "Start finding your ideal spot: I have an existing business" and "I'm looking for my first location". At the bottom, there are three dark boxes labeled "IdealSpot for Retailers and Restauranteurs", "IdealSpot for Commercial Real Estate Service Providers", and "IdealSpot for Developers and Owners". Logos for partners like smashburger, Newk's, Pick'n'Save, W&B, and Little Caesars are displayed. A section titled "Our Data Products and Solutions" includes icons for Demographics, Social Interest Map, and Search Intent Map. On the right, there are two user comments from "Chaz from IdealSpot". The footer contains the IdealSpot logo and the text "Page 6".

What We Said

“Social interest makes more sense than customer targeting”

The screenshot shows the homepage of IdealSpot. At the top, there is a navigation bar with links for Products, Pricing, Solutions for (with dropdowns for Retailers, Commercial Real Estate, and Developers), Blog, About IdealSpot, and Contact. A phone number (512-537-1111) and a Login button are also in the top right. Below the navigation is a large map background. In the center, text reads: "IdealSpot uses real-time market data to help businesses find their ideal locations." Below this are two buttons: "Start finding your ideal spot: I have an existing business" and "I'm looking for my first location". At the bottom, there are three sections titled "IdealSpot for Retailers and Restauranteurs" (with logos for Smashburger, Newk's, Pick'n'Save, Wawa, and Little Caesars), "IdealSpot for Commercial Real Estate Service Providers", and "IdealSpot for Developers and Owners". A footer banner at the very bottom features the text "Proud to work with the retailers you love" and icons for Demographics, Social Interest Map, and Search Intent Map.

3 DIRECTIONS

Element	Direction 1	Direction 2	Direction 3
Message	Understand your customers, find your ideal location.	Discover the ideal customer with better, more reliable data.	Reach your customers with innovative local-demand mapping
Typography	Warm, clean, friendly. Rounded sans-serifs	Clean, color enabled, bold sans-serif	Clean, light, modern thin sans-serif.
Masthead Image	Connect customer & location by showing winning locations versus bad locations.	Visualize customer behavior, tell their story.	Visualize local mapping in 3d form
Contrast	Warm in places, mostly white	White but with stronger implementations of orange, blue	Mostly clean white, but not afraid to invert for call-outs as in white-on-black.

Design Direction I

The screenshot shows the IdealSpot homepage. At the top, there's a circular graphic with four segments: blue (Demographic Data), orange (Geo Located Demand Data), red (Vehicle Traffic Data), and green (Market Gap Analysis). Below this, the main header features the IdealSpot logo and a phone number (512.557.1111). The navigation menu includes Home, Products, Pricing, Solutions, Blog, About, Contact, Login, and Find Your Spot. The main content area has a blue header with the text: "The only tool which provides you current demographic data with demand data that correlates to real consumer and purchase intent for your product or service." Below this, there's a section titled "We Understand Your Ideal Customers So You Can Find the Perfect Location" with two buttons: "Explore the App" and "Get a Demo". A city skyline illustration is positioned behind this text. Further down, there's a section titled "Already being used by great brands all over" featuring logos for Snackburger, Newk's, W&B, Little Caesars, Pluckers Wing Bar, JAZZERCISE, and Massage Envy. To the right, there's a sidebar for "Day-Parted Vehicle Traffic" with a map and some text. At the bottom, there's another section titled "We work with all types of businesses" featuring a photo of a man in a suit and a "Brokers & Developers" section.

Retailers and Restaurants

Demographics are important but only tell you one side of the story. Mapping consumer demand by analyzing social media and online search trends provides you with real-time interest and purchase intent for your product and services.

[Visit Our Solutions](#)

IdealSpot Removes Uncertainty

Historically retailers and restauranteurs have been limited to demographics and vehicle traffic. IdealSpot removes uncertainty by aggregating consumer signaled interests and real purchase intent. This data completes the puzzle:

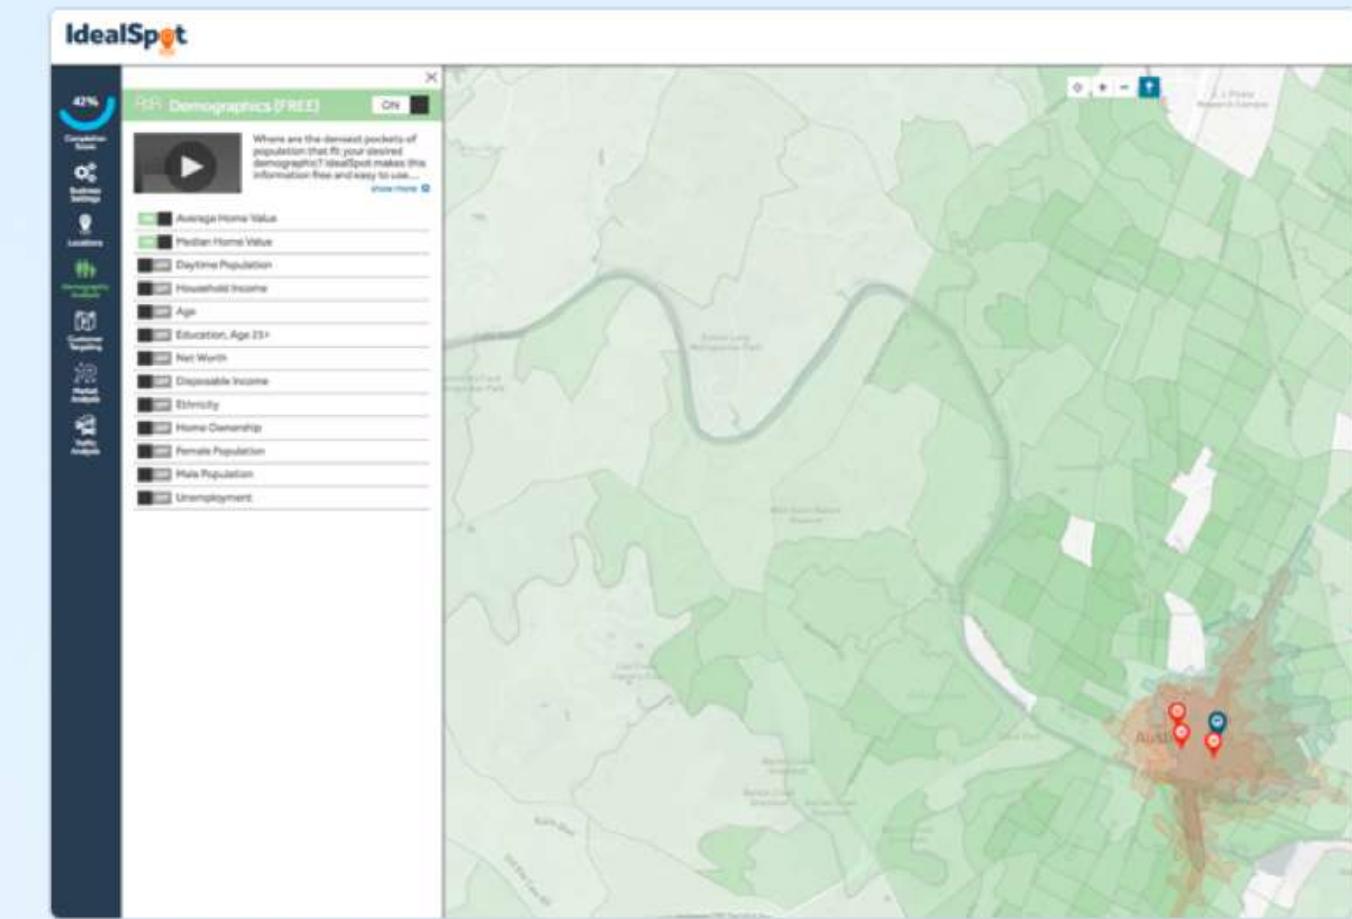

[View Our Products](#)

IdealSpot is the only tool which provides you current demographic data coupled with demand data that correlates to real consumer interest and purchase intent for your product or service.

Demographics

Knowing the demographics of your trade area is a critical first step. Where are the densest pockets of people that fit your desired demographic profile? IdealSpot provides you this information at no charge, allowing you to map your locations and analyze the demographics in your area.

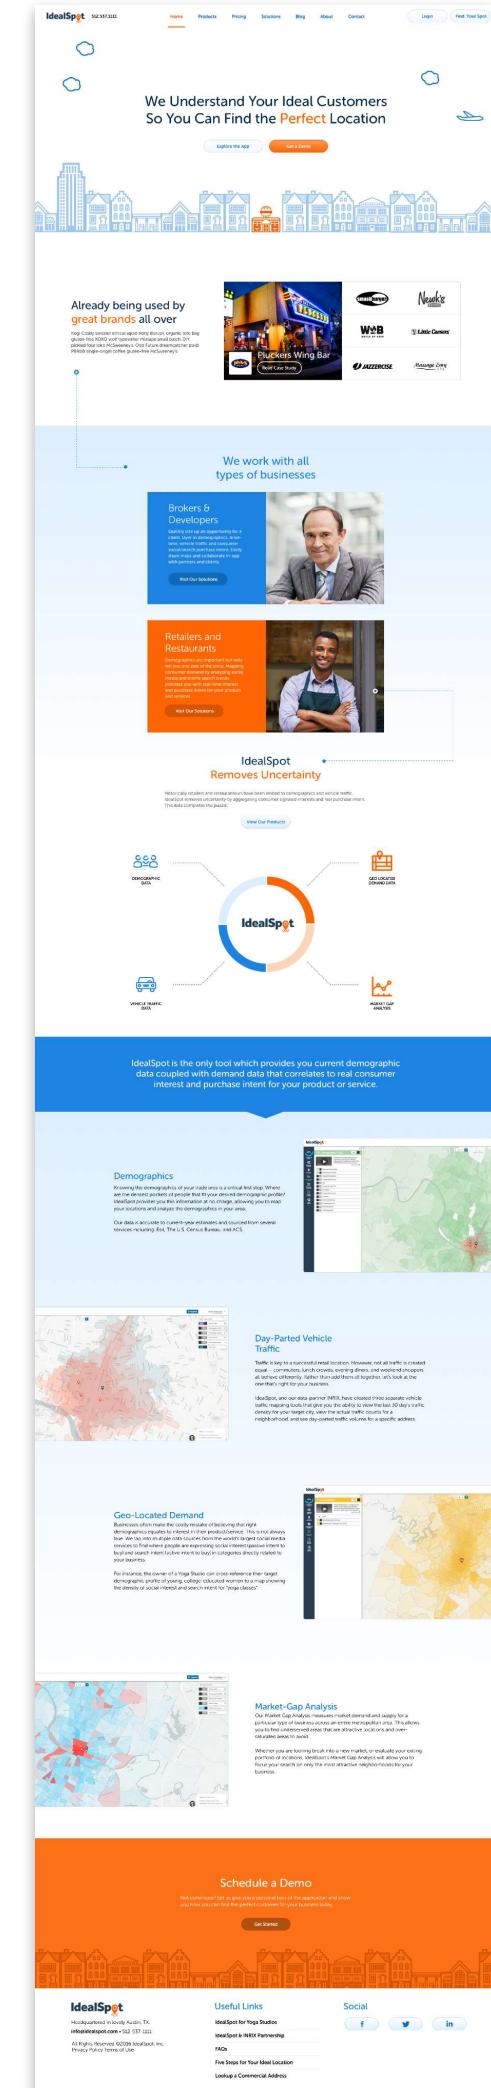

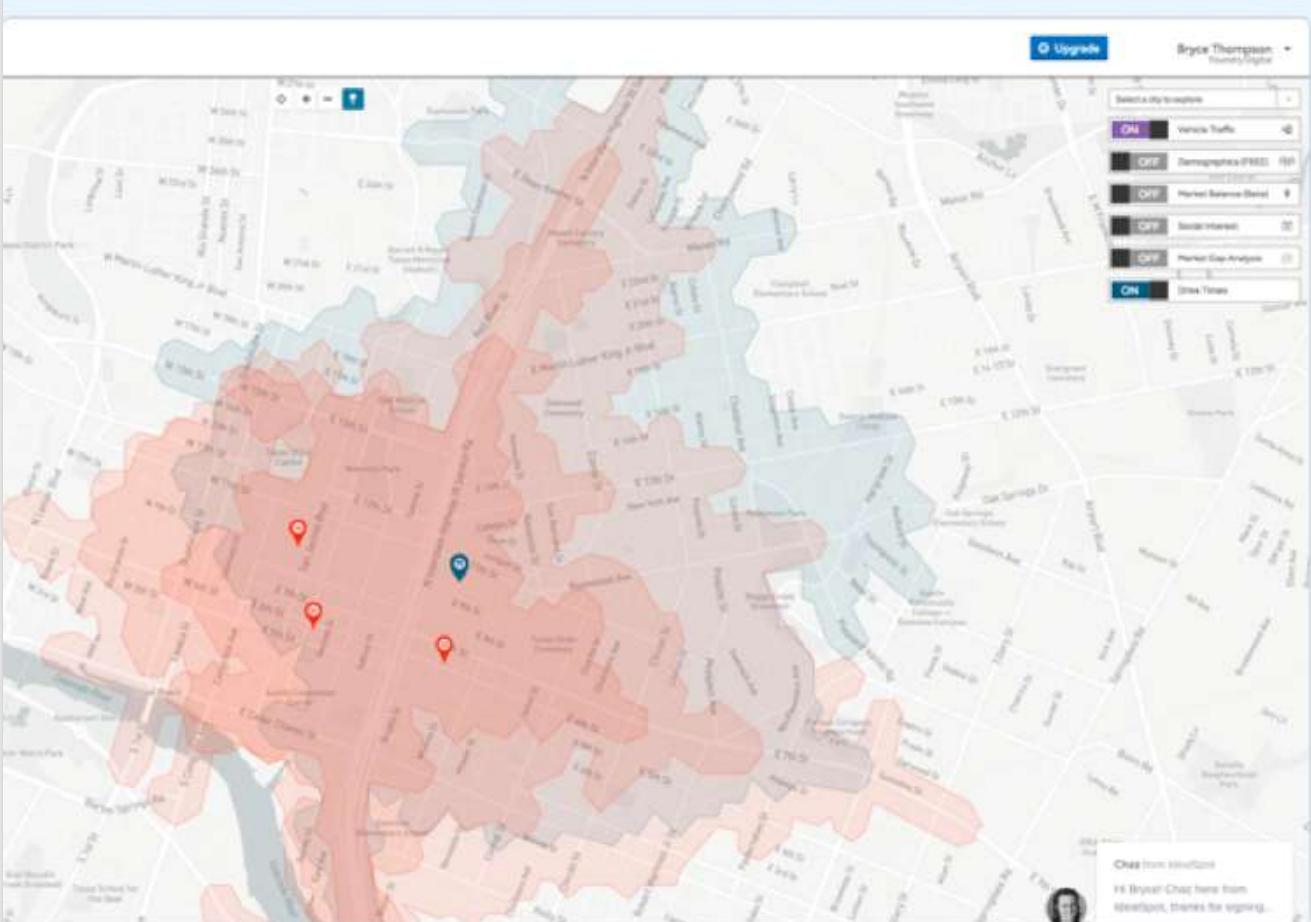

Our data is accurate to current-year estimates and sourced from several services including: Esri, The U.S. Census Bureau, and ACS.

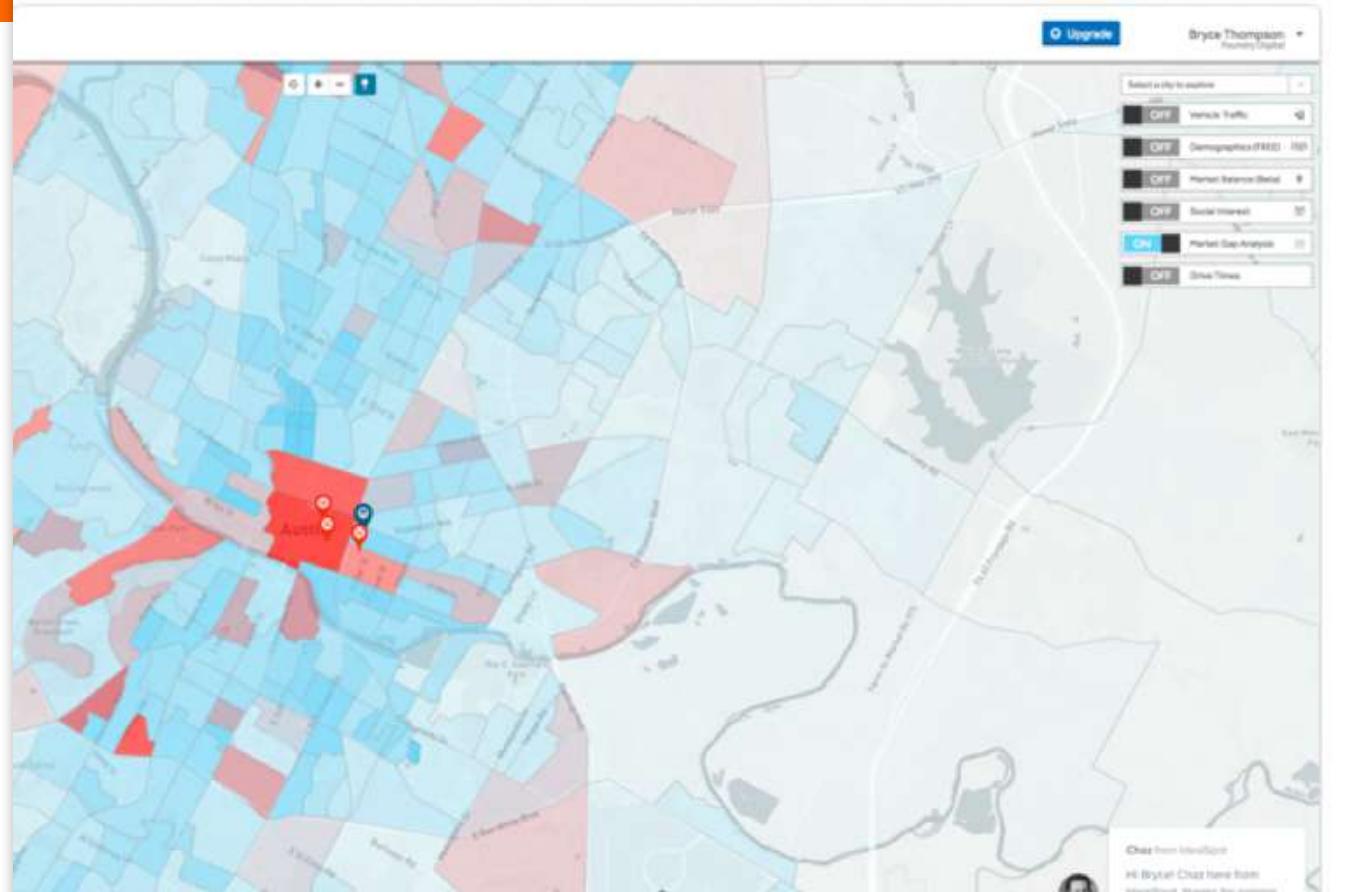

Day-Parted Vehicle Traffic

Traffic is key to a successful retail location. However, not all traffic is created equal – commuters, lunch crowds, evening diners, and weekend shoppers all behave differently. Rather than add them all together, let's look at the one that's right for your business.

IdealSpot, and our data-partner INRIX, have created three separate vehicle traffic mapping tools that give you the ability to view the last 30 day's traffic density for your target city, view the actual traffic counts for a neighborhood, and see day-parted traffic volume for a specific address.

Market-Gap Analysis

Our Market Gap Analysis measures market demand and supply for a particular type of business across an entire metropolitan area. This allows you to find underserved areas that are attractive locations and over-saturated areas to avoid.

Whether you are looking break into a new market, or evaluate your exiting portfolio of locations, IdealSpot's Market Gap Analysis will allow you to focus your search on only the most attractive neighborhoods for your business.
